Thursday 13th December

8.00  Registration and tea/coffee

8.45  David Crabb and Chris Hull – Introduction and Welcome

9.00  Getting mixed up with MIGS? Mission impossible
      Chairs: Lydia Chang (Hinchingbrooke) and Cecilia Fenerty (Manchester)
      Trabecular bypass devices – Imran Masood (Birmingham) (10)
      Suprachoroidal devices – Leon Au (Manchester) (10)
      Minimally invasive subconjunctival drainage devices – Dan Lindfield (Guildford) (10)
      Collecting evidence – Richard Wormald (London) (5)
      Panel discussion (15)

9.50  Results from the LiGHT Trial and discussion...
      Chair: Anthony King (Nottingham)
      Gus Gazzard (London) (15)
      Ian Murdoch (London) (10)
      Panel discussion (10)

10.30  Tea/coffee, posters and exhibition (45)

11.15  Free Papers Session 1 (60) 6 papers
       Chairs: John Lawrenson (London) and Dan Lindfield (Guildford)

12.15  And now for something completely different...
       Ron Douglas (City, University of London) (30)
       ‘Seefood salad...’
12.45 **Lunch, posters and exhibition (75)**

2.00 **Free Papers Session 2 (60) 6 papers**
Chairs: Andrew McNaught (Cheltenham) and Pete Campbell (London)

3.00 **What’s the latest news on...**
Chair: Leon Au (Manchester)
Angle Closure Glaucoma – Velota Sung (Birmingham) (12-15)

3.30 **Tea/coffee, posters and exhibition (45)**

4.15 **What’s the latest news on...**
Chairs: Donald Montgomery (Glasgow) and Gus Gazzard (London)
Paediatric Glaucoma – John Brookes (London) (12-15)
Optometrists and Glaucoma Care – Rob Harper (Manchester) (12-15)
Imaging – Andrew Tatham (Edinburgh) (12-15)
Visual Fields – Tony Redmond (Cardiff) (12-15)
Genetics – Anthony Khawaja (London) (12-15)
The Optic Nerve – Colm O’Brien (Dublin) (12-15)

5.45 **Annual General Meeting Chair: David Crabb**

7.00 Bus to the Mermaid

**Friday 14th December**

8.00 **Registration and tea/coffee**

8.45 **What’s the latest news from Virtual Clinics - sponsored by**
Chair: James Morgan (Cardiff)
James Morgan (Cardiff)
David Haider (Bolton)
Dilani Siriwardena (London)

9.30 **Free Papers Session 3 (60) 6 papers**
Chairs: James Kirwan (Portsmouth) and Dilani Siriwardena (London)

10.30 **Tea/coffee, posters and exhibition (45)**

11.15 **UKEGS Hitchings Lecture 2018**
Introduction: David Garway-Heath (London)

Anja Tuulonen (Tampere University Hospital, Finland)
“Do glaucomatologists represent out-dated technology in the world of AI and robotics?”

Presentation: David Crabb (London)
12.15  **And now for something completely different...**  
Andrew Bastawrous (Peek Vision, London)  
“Peek – connecting people to vision”

12.45  **Prize giving, IGA/UKEGS research grant award**  
David Crabb (London) Wojciech Karwatowski (Leicester) John Sparrow (Bristol)  
Karen Osborn (IGA) Philip Bloom (London)

1.00  **Lunch, posters and exhibition (75)**

2.15  **Special Session in Honour of John Salmon (Oxford)**  
Introduction – Humma Shahid (Cambridge) (15)

Small Eye Big Trouble – Paul Foster (London) (15)  
Transgress to Progress – Andre Mermoud (Lausanne) (15)  
John Salmon’s Pearls: For work and for life – Gok Ratnarajan (W Sussex) (15)

A promising future for devastating forms of secondary angle-closure glaucoma  
John Salmon (30)

3.45  **UKEGS 2019 (Donald Montgomery, Glasgow) and Close of Meeting**

The IGA provides the administrative and event management support for the annual UKEGS conference and exhibition. The IGA is the charity for people with glaucoma. Our mission is to raise awareness of glaucoma and promote research related to early diagnosis and treatment and to provide support to patients and all those who care for them.
Session 1  Chair: John Lawrenson/Dan Lindfield

Gosling (Sheffield)
The ‘Honey Rose effect’ on glaucoma referral patterns
Barrett (Dublin)
Glaucoma referral refinement in Ireland: Managing the sensitivity-specificity paradox in optometric practice
Gunn (Manchester)
Clinical effectiveness of the Manchester Glaucoma Enhanced Referral Scheme
Bancroft (London)
Evaluating how Community Pharmacists can support glaucoma patients
Croghan (Glasgow)
Incidence and risk factors of patients lost to follow up in the Glasgow Glaucoma Database
Shweikh (London)
Socioeconomic disparities and glaucoma—lessons from ‘big data’

Session 2  Chair: Andrew McNaught/Pete Campbell

Wozniak (Cambridge)
Nocturnal CPAP-related intraocular pressure rise in people with and without glaucoma
Asaoka (Tokyo)
Development of a deep residual learning algorithm to screen for glaucoma from fundus photography
Jindal (London)
Diagnostic accuracy of a new thresholding glaucoma screening programme using temporally modulated flicker.
Jones (London)
Where did I leave my phone? Using virtual reality to assess the differential impact of superior and inferior visual field loss on daily living
Jawaid (Nottingham)
Agreement amongst consultant ophthalmologists on levels of visual disability required for eligibility for certificate of sight impairment
Hopkins (Dublin)
The Effect of Integrin blocking in Lamina Cribrosa Cells and the Possible Role of Stiffness in Glaucoma Pathogenesis

Session 3  Chair: James Kirwan/Dilani Siriwardena

Sii (Belfast)
Reporting Harm in Glaucoma Surgical Trials: Systematic Review and a Consensus-Derived New Classification System
Liu (Birmingham)
Evaluating the Impact of Uveitis on Visual Field Loss Progression Using Large Scale Real-World Data
Alaghband (Cheltenham)
Efficacy and safety of subconjunctival injection of low-dose Mitomycin-C(MMC) compared with intra-operative application in Deep Sclerectomy (DS)
Mohammed (Nottingham)
Inflammatory markers at the ocular-surface: two-year comparative study of preserved and non-preserved anti-glaucoma medications
Mushtaq (Birmingham)
Gonioscopically-Assisted Transluminal Trabeculotomy (GATT)- The Birmingham Experience.
Walker (Birmingham)
A cross-sectional analysis of glaucoma care in Swaziland: presentation, management and adherence to treatment
